- possible combination
- optimal combination
- ① max. 1 modular contact element can be snapped into centre position
- ② max. 2 modular contact elements per level, to be snapped into outer positions 1+3
- ③ max. 2 modular contact elements
- ④ max. 3 modular contact elements (foolproofness guaranteed)
- ⑤ max. 4 modular contact elements
- Ⓐ please add *_497 to the actuator type ref.
